

**BID CLARIFICATION # 2**

**21-DEC-2018**

**RFP #2018-12-04LGT-LEASING AND MAINTNEANCE OF GRABAGE TRUCKS**

The National Solid Waste Management Authority (NSWMA) seeks to clarify the following: -

1. Appendix A # 2.2 – The successful bidder(s) must be able to provide the entire lease vehicle within 60 days of award, however, in the SCC 2.1/2.2.2 refer to a start date of the contract being 3-6 months after the contract is awarded. Please clarify which is correct?

***The NSWMA wishes to advise that the successful bidder will be required to deliver trucks within 75 to 95 days ex-factory plus shipping and clearance. Ex- factory is the factory shipment date.***

2. Appendix B # 10 “Body Capacity” refers to 14m<sup>3</sup> (Cubic meters) - minimum, however, the table inserted in Appendix A- Scope of Work #2.1 indicates fifty (50) 10 cubic meter, thirty (30) 20 cubic meter compactor trucks, could you please clarify as to the correct capacity required.

The following table illustrates the minimum requirements that are required: -

<b>MINIMUM REQUIREMENTS</b>				
	<b>14 cubic Garbage Compactor trucks</b>	<b>20 cubic Garbage Compactor trucks</b>	<b>14 Cubic Tipper Trucks</b>	<b>5.6 cubic compactors trucks (Scout)</b>
<b>Drive Type</b>	<b>4 x 2</b>	<b>6 x 4</b>	<b>6 x 4</b>	<b>4x 2</b>
<b>Quantity of Unit</b>	<b>50</b>	<b>30</b>	<b>10</b>	<b>10</b>

3. Part III Conditions of contract and contract form, page # 44 (3.4) states that the service provider shall take out and maintain, and shall cause any subcontractors to take out and maintain, at its (or Subcontractors, as the case may be) own cost but on the terms and conditions approved by the procuring entity, insurance against the risks, and for the coverage, as shall be specified in the SCC . However 3.4 of the SCC do not indicate the levels of insurance required. Could you please indicate the levels of insurance required by the agency?

***The level of insurance coverage required is dependent on the lessor and its appetite for risk. The type of insurance that is third party or comprehensive is strictly at the bidder discretion.***

4. Truck specification: - 3.0 tyres rear tyres and front tyres are of different size, is there a reason for this.

***Appendix B – Truck specifications are the minimum specifications required. Each bidder is required to complete the column on the right of with the specifications of the proposed truck under the lease agreement.***

5. With regards to the instructions to bidders # 8 (page 11) could you please indicate where the service sites are located, and the mix of trucks intended for each location. We would like to do a site visit, could you please let me know when it would be convenient.

***The NSWMA has four (4) service sites across the region as follows: -***

- ***MPM Waste Management Limited – 97 Hagley Park Road, Kingston 10***
- ***SPM Waste Management Limited – Grove Place, Mandeville, Manchester***
- ***NEPM Waste Management Limited – 2 Stormount Rd, New Buckfield, St. Ann***
- ***WPM Waste Management Limited- Flankers (NWA compound), Montego Bay***

*The authority is cognizant of the fact that additional location sites will be necessary to house these new units; the necessary preparations will be made to accommodate additional fleet.*

*Site visits are available at the various location as follows: -*

<i>LOCATIONS</i>	<i>DATE</i>	<i>TIME</i>
<i>SPM</i>	<i>January 7, 2018</i>	<i>11:00 AM</i>
<i>MPM</i>	<i>January 8, 2018</i>	<i>11:00 AM</i>
<i>WPM</i>	<i>January 10, 2018</i>	<i>11:00 AM</i>
<i>NEPM</i>	<i>January 11, 2018</i>	<i>11:00 AM</i>
